Environmental Inspections
2011 Survey of Eurasian Water Milfoil

Dear Secretary:

We are writing in response to your review letter of February 17, 2012 for the above referenced report. In your letter you asked that a number of additional work items be added to the Report, some of which may require additional field reconnaissance. Obviously weed surveys cannot be done in winter months and at present we do not have personnel available or qualified to do this work. We will have to hire outside consultants this summer to provide the answers you desire.

Therefore, we respectfully request an extension of time to September 1, 2012 to complete this work.

Sincerely,
Boyce Hydro Power, LLC
