Ms. Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, NE
Washington, DC 20426

Re: Motion to Intervene on Order Proposing Revocation of License for the
Edenville Project (FERC No. 10808) on the Tittabawassee River, MI

Dear Ms. Bose:

The Michigan Department of Natural Resources (Department) has reviewed the Commission's *Order on Proposing Revocation of License* issued on February 15, 2018 for the Edenville Project located on the Tittabawassee River, Michigan. Within this order, the Commission outlines the concerns and failures of the licensee to make the appropriate improvements and measures to bring the project into compliance with the license and Commission's safety requirements. Since any action taken by the Commission regarding this license will have impacts on the aquatic resources of the Tittabawassee River and the Department is the responsible state agency for managing and protecting those aquatic resources, we respectfully request to intervene on this process.

If you have any questions or need clarification, please feel free to contact myself or Kyle Kruger, Senior Fisheries Biologist, Fisheries Division at (989) 826-3211, extension 7073 or at krugerk@michigan.gov.

Sincerely,

A handwritten signature in blue ink that reads "Nate Gambill".

Nathan A. Gambill
Assistant Attorney General
Environment, Natural Resources, and
Agriculture Division
