

Bruce Vance, Beaverton, MI.

My wife and I live on Wixom Lake in Beaverton Mi, We do not agree with the dates to lower Wixom lake starting on Sept 20, 2018. I believe that the inspections that FERC wants to have completed on the dams could be completed sometime in Oct. This way the last few weeks of boating season is not a loss for the residents of Wixom lake. Please don't allow Boyce to start lowering the lake until sometime in Oct. Thanks for your time.

Bruce & Deb Vance
