

Janell Swanson, Beaverton, MI.

Many of us on Wixom Lake have scheduled appointments to have our boat lifts out of the water on 9-16-18. There are limited companies that remove the boat lifts from the water. Moving the date up would cause tremendous problems for many. Many may not be able to have their lifts removed in time including myself. Please leave the date on the 20th as to not cause major problems.

Thank you for your time and consideration.

Janell Swanson
