

FEDERAL ENERGY REGULATORY COMMISSION
WASHINGTON, DC 20426

October 24, 2018

OFFICE OF THE CHAIRMAN

The Honorable Debbie Stabenow
United States Senate
3335 S. Airport Road West
Suite 6B
Traverse City, MI 49684

Dear Senator Stabenow:

Thank you for your September 21, 2018, letter concerning Boyce Hydro Power, L.L.C.'s Edenville Hydroelectric Project (Docket No. 10808). The Edenville Project is located on the Tittabawassee and Tobacco Rivers in Gladwin and Midland counties, Michigan. Your comments will be placed in the Commission's official record.

On September 10, 2018, the Commission issued an order revoking the license for this project due to Boyce Hydro Power's longstanding failure to comply with dam safety and other requirements in the Commission's license and regulations. The Four Lakes Task Force has filed a motion asking the Commission to stay the revocation order. That request is currently under review by the Commission.

Again, thank you for your interest and comments. If I can be of any further assistance in this or any other Commission matter, please let me know.

Sincerely,

Kevin J. McIntyre
Chairman
