**RE: Emergency Action Plan Updates – Cancellation of Functional Exercise
P-2785 Sanford Dam, P-10809 Secord Dam, and P-10810 Smallwood Dam**

Dear Mr. Mueller:

We have completed our review of Boyce Hydro Power's September 17, 2018 letter indicating the cancellation of the functional exercise (FE) for your above mentioned projects. The letter indicates that Jenifer Boyer, Midland County Emergency Manager, cancelled the planned FE on October 3, 2018. A revised date has not been schedule.

You are required to conduct the FE for all of your licensed projects if the Midland County Emergency Manager cannot conduct them. You were to have conducted an exercise in 2017 per our May 31, 2016 letter. Please review the FE requirements in chapter 6 of the engineering guidelines¹. A plan and schedule to conduct the FE should be submitted by **February 28, 2019**.

Please contact Mr. Peter Chapman at 312.596.4446 or me at 312.596.4430 if you have any questions.

Sincerely,

for John A. Zygaj
Regional Engineer
